MEMORANDUM FOR:

SUBJECT

: Meeting of Working Group on Personal Protection Methods

REFERENCE

: Memo to D/Sec from C/FI/OPS, dated 25 August 1966, Subject as Above

25X1A

1. In response to the questions raised in paragraph 14 of referenced memorandum, it is noted that the Office of Security participates in such training only at the request of a DD/P Area Division and only with the concurrence of CI Staff. I concur that training should not be given to foreign protective staffs, and have no objections to the loan of the CIA training manual to State Security provided DD/P concurs.

2. As to informing other members of the working group concerning our initiation of such training, this seems to me to be an operational decision to be made on a case by case basis. In any event, I believe this should be done by the CI Staff.
